

3-in-1

LEVEL TUBE BENDER

Small & Portable Easy Operation

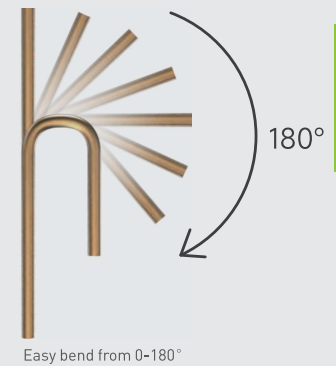

0-180° Bend

3-in-1 Level Tube Bender

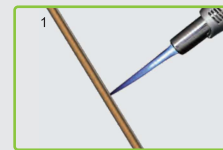

HB-3/HB-3M

Light & Portable

- The pipe has no impressions, scratches and deformation after bending.
- Over-molded handle grip reduces hand fatigue and won't slip or twist.
- Made of high quality die-cast aluminum, strong and durable for long time use.

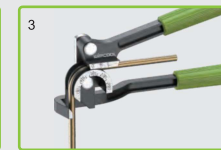

Tools

1 Please use a burner to heat a hard copper, then start the bending

2 Open the tube bender and insert the copper tube

3 Bending from 0-180°

4 Complete the bending
